## READING

1 Read the text and check (✓) True or False.

**An amazing musician**

My name is Fred Stevens, and I'm a musician. Actually, I'm a classical musician. I started playing the cello when I was six years old. Now I play with the Cleveland Symphony Orchestra. I love classical music, but I listen to a lot of other things, too. My mp3 player has more than 500 songs on it. I like rock, pop, and hip hop – all kinds of music. Last week I went to a Coldplay concert. They're really fantastic. They're one of my favorite bands. I have three of their albums.

My favorite classical musician is—you guessed it—Yo-Yo Ma. He's probably the most famous cello player in the world, but he doesn't only play the music of Bach, Beethoven, and Brahms. In 2003, Yo-Yo Ma made an album called *Obrigado Brazil*. In this album he mixed classical cello together with Brazilian music. It's really amazing.

In 2011, he made an album called *The Goat Rodeo Sessions*. In this album, Yo-Yo Ma played his cello with American bluegrass musicians. Some people didn't like this album. But many musicians loved it. Mixing classical music with other kinds of music is really interesting, I think.

You can also hear Yo-Yo Ma's music in movies. He played music in the movie *Crouching Tiger, Hidden Dragon* in 2000, *Master and Commander* in 2003, and *Memoirs of a Geisha* in 2005. Sometimes I ask myself, "What kind of music does Yo-Yo Ma have on his mp3 player?" I don't know. But I think he listens to all kinds of music – just like I do!
